

BLANKET CONDITIONER

Aggressive blanket cleaner and conditioner for manual use

GENERAL PURPOSE

Blanket Conditioner is used for intensive cleaning & conditioning of blankets. The product features a strong cleaning action & removes hardened ink and embedded pigments in one easy step. It creates a velvety clean surface for excellent sheet release and restores blanket to like-new condition. This product is formulated to be used only as a blanket wash for offset lithography.

WORKING INSTRUCTION

Blanket Wash

Apply the blanket conditioner with damp cloth or sponge to remove dried and imbedded ink. For maximum swelling, leave conditioner on blanket for 10 minutes. Remove residue with a clean damp cloth or sponge. Finish with water application & wipe dry.

Instruction note: Shake well before using.
Wear protective gloves.

STORAGE

- Store at room temperature in dry, well-ventilated area.
- Keep away from heat & direct sunlight.
- Keep the container closed.
- Shelf life: One year from date of manufacture.

SAFETY

Read MSDS before using this product.

MAIN CHARACTERISTICS

- Removes hardened ink and embedded pigments in one easy step.
- Restores blankets to like-new condition.
- Cleans quickly & thoroughly.
- Reduces blanket tack.
- Keeps blankets ink receptive.
- Mild swelling properties.
- Dries completely without leaving a greasy residue.

PRPOPERTIES

	CHEMICALS	
	Appearance	Brown liquid
	Density @25 °C	0.85 – 0.95 g/cm ³
	Flash point (PMCC)	> 40 °C
	Composition	Synergistic mixture
	APPLICATION	
	Ink solvency	Strong
	Drying speed	Medium
	Water miscible	Yes
	Manual wash	Yes
	Blanket durability	Yes

FEATURES	ADVANTAGES	BENEFITS
Very high ink solvency power	Faster wash-up	Reduced down-time
Low odor	Safer press room environment	Improved condition for press man
