GORILLA WASH

Universal wash with Aromatic & Aliphatic solvents

GENERAL PURPOSE

GORILLA WASH is a powerful, water miscible blanket & roller wash used for all offset printing applications. It is a powerful cleaner and degreaser. It is water miscible & will quickly remove ink, gum and paper contaminants, leaving blankets & rollers with an ink receptive surface. GORILLA WASH is suitable for manual application.

Gorilla wash is a CFC – free product.

WORKING INSTRUCTION

Use as is or add up to 50% water and shake well. As a roller wash: Give the wash up bottle a quick shake and then pour a small amount on the top roller of the ink train. When ink appears to be emulsified, use cleanup blade or wash up device. Finish by rinsing with more Gorilla Wash until all ink is removed. Follow with a water wash to remove detergents.

As a blanket wash: pour onto a clean shop towel or rag. Wipe over the entire blanket until clean using a side-to-side motion.
